

How We Work With You and Your Family

Together, we'll make a memorable tribute...a Celebration of Life... that will be treasured by your family and friends for generations.

- ♦ Determine what type of document you want.
- ♦ Contact Memorial Publications and set up an appointment; we'll come to you.
 - ♦ Timelines:
 - ♦ Memorial booklets: 5-10 days plus printing time
 - ♦ Memorial DVDs: 1-2 days
 - ♦ Gift booklets: 5-10 days plus printing time
- ♦ Show us photos you have that could be used in the document we're creating for you.
- ♦ We'll discuss other items that can be included in the booklet...i.e. Papa's pocket watch, a ribbon from your great-grandmother's wedding bouquet, tickets to an important concert or movie, etc. (We will scan these items, getting photos we can use. You will get all the original materials back in the same condition in which we received them.)
- ♦ We'll offer some suggestions on poems and quotes that can add dimension to the publication; you decide what is in the final document.
- ♦ Then we'll ask you to tell us 3-7 short stories about the person the booklet is about (someone who is getting married, having a baby, graduating from high school or college, or someone who has died, for example).
- ♦ We'll help you decide if there are photos you need for the booklet but haven't yet taken. If you need help taking the pictures, we can provide a photographer. (Additional \$25/hr fee)
- ♦ Once we have all the materials from you that we need to proceed, we'll get started on your special booklet.
- ♦ You'll get your first PDF (emailable) proof of printed booklets within 6 days of the date we have all materials in hand.
- ♦ You'll get your first emailed proof of the DVD presentation within 24 hours of the time we have materials in hand.

Telling their stories...celebrating their lives...that's what we do.

The loss of a loved one is a life-changing experience.

When we first learn that either someone we love has died or is expected to die, we often find ourselves searching for something to do...some action we can take that will lessen the pain we are feeling. Ensuring that others know our loved one as we did can help.

A child's marriage...the birth of a grandchild... a graduation.... these are also life-changing experiences.

We want to memorialize our family members, friends and colleagues in a meaningful way, give them a gift that illustrates how we feel about them... how we remember them...a gift that will be treasured for generations.

Memorial Publications helps you create visual celebrations of life.
